

POPBLOCS FARM ANIMALS

You and your infant can have loads of fun with these soft plastic manipulative toys that easily pop together.

The mix-and-match pieces can be used to build a horse, cow, pig, sheep, hen, or even an animal of your own creation!

DEVELOPMENTAL AREAS

Language Development

Social Emotional Development

Cognitive Development

Fine Motor Development

BODY PARTS

Choose one of the animals and point to its eyes, and point to your baby's eyes. Next point to the animal's nose and mouth while pointing and naming your baby's body parts. Do the same with the other animals.

PUSH AND PULL

With your infant watching, connect two pieces of an animal and then pull them apart. Hand the pieces to your infant and guide him to push the pieces together and then pull them apart on his own.

OLD MACDONALD

Sitting with your baby, sing the song "Old MacDonald Had a Farm" picking up each PopBloc animal as you sing. Have fun making the animal sounds as you sing.

SILLY CREATURES

Separate the animal pieces and make new animals connecting different fronts and backs. How many different combinations can you both make? Give your creation a new name.
